

## *Attention Residential School Survivors*

As many of you are already aware, the Canadian Government has recently announced that an **Agreement In Principle** has been signed that will eventually lead to the financial compensation of **Residential School Attendees**. The Kettle & Stony Point First Nation has taken a preliminary step of making inquiries and the government will release details regarding making applications etc., in the near future. The details will be communicated out to the community at that time. The First Nation has been informed that it will not be necessary for you to retain a lawyer, unless you choose to, as you will only be required to complete and submit an application with details of school attendance when the application form is released with the fund details.

You will be kept informed as the process progresses. Please don't hesitate to call the **Band Office @ 786-2125** if you have any questions.
